He s a hard-working superstore manager with a wife and young son, but loses everything when he s wrongly arrested for the murder of his friend s teenage daughter. Dalton s given a second chance by an American-owned company whose computerised systems are revolutionising the retail trade. However, he soon discovers his sex-life is being recorded in their secret files. With his marriage crumbling, Dalton struggles in a race against time to find another missing girl before the killer strikes again. Set in 80s Britain, this evocative thriller gives the reader a revealing glimpse behind the scenes of a large superstore. A novel which explores the mind of a killer as it peels away the glossy image stores portray to their customers. What lies beneath is a more promiscuous story.
