## FARMAGEDDON: THE TRUE COST OF CHEAP MEAT

Bloomsbury Publishing PLC. Paperback. Book Condition: new. BRAND NEW, Farmageddon: The True Cost of Cheap Meat, Philip Lymbery, Farm animals have been disappearing from our fields as the production of food has become a global industry. We no longer know for certain what is entering the food chain and what we are eating - as the UK horsemeat scandal demonstrated. We are reaching a tipping point as the farming revolution threatens our countryside, health and the quality of our food wherever we live in the world. Farmageddon is a fascinating and terrifying investigative journey behind the closed doors of a runaway industry across the world - from the UK, Europe and the USA, to China, Argentina, Peru and Mexico. It is both a wake-up call to change our current food production and eating practices and an attempt to find a way to a better farming future.
